Wednesday, January 1, 1964

1st day - 365 days follow

New Year's Day

Watched the Rose Parade on the new color TV; also some Bowl games. Got a little work done on bibliography but not much else.

Thursday, January 2, 1964

2nd day - 364 days follow

At the office this morning.  
Spent most of the morning on  
personal affairs etc. At the library  
for a short time; also the banks.

Worked on the Company talk for next  
Saturday. The one used last February at  
Rancho Santa Fe needs extensive changes.

Friday, January 3, 1964

3rd day - 363 days follow

At the office this morning.  
Worked most of the day on writing  
the speech to be made tomorrow. A longer  
job than I expected. Didn't finish it.

Saturday, January 4, 1964

4th day - 362 days follow

Finished revising the talk "Lessons from the Past" this morning and then gave it this noon before the Company's Management Conference at the Vacation Village Hotel. Took about half an hour. I don't think it went well; the reaction was more polite than anything else. I find I have to hold my slips up to be able to read them and this is annoying.

This afternoon went to the movie "Charade" at the home. Audrey Hepburn and Cary Grant. Very exciting. Enjoyed it thoroughly.

Sunday, January 5, 1964

5th day - 361 days follow

Finally made a start on the Academic Press chapter and made some progress, but not as much as I should have. Too much tempting football: the green Bay - Cleveland game at Miami; and the local Chargers-Boston game which I listened to on radio.

Joe Copp was here and worked this afternoon on some of his Mexican projects. Did monthly accounting tonight.

Monday, January 6, 1964

6th day - 360 days follow

Epiphany

At the office this morning.

Made some progress on the Morphology  
part of the Academic Press Project.

Meeting of the directors of the Natural  
History Museum 3<sup>30</sup> to 5<sup>30</sup>

Tuesday, January 7, 1964

7th day - 359 days follow

at the office this morning.  
More progress on morphology, but  
it goes pretty slowly.

Dinner at the Waterhouse's tonight  
They showed a fine series of slides of  
their recent European trip.

Wednesday, January 8, 1964

8th day - 358 days follow

Battle of New Orleans

Continued work on the Morphology section of the Academic Press project, and made some progress. I find that when I am fresh I can work on something of this kind for about two hours, after which I become quite tired; that's the penalty of being 80.

At the office this morning. Short conference with Tillin about franchise taxes.

Made a start on annual statement and income tax calculations this afternoon.

Thursday, January 9, 1964

9th day - 357 days follow

At the office this morning.

Brief conference with Sinnott on PUC matters.

Conference with Mrs Heller on Natural History affairs.

Continued work on morphology and made considerable progress.

Went up to Les's for a short time to open a cabinet.

Took a large part of morphology to Miss Molloy.

Friday, January 10, 1964

10th day - 356 days follow

This morning at  $8^{\frac{3}{4}}$  went out to the ground-breaking ceremony at the Paradise Hills Branch Library. This lasted from  $8^{\frac{3}{4}}$  to  $9^{\frac{3}{4}}$ . The library Commission did not participate except to stand around.

We then had a commission meeting from 10 to  $10^{\frac{4}{4}}$ , after which I went to the office.

Went to Fred Kunzel's for dinner tonight. Met Judge Bruce(?) Brown and his wife.

Saturday, January 11, 1964

11th day - 355 days follow

Finished the color section today.  
Did a lot of miscellaneous work.  
Joe Cope worked most of the day.  
Wrote letters and paid bills.

Sunday, January 12, 1964

12th day - 354 days follow

A final reading of Color today.  
Started on lenses but made  
disappointing progress

Joe Cope worked today  
Carded the last copy of Copelia.  
Assorted a lot of theatre programs  
from Less.

Monday, January 13, 1964

13th day - 353 days follow

At the office this morning.  
Brought stamp inventory down to  
date.

Went to the library; had a conference  
with Miss Breed. She agreed to copy the  
Campos story as time permitted. I told her  
no rush. I took her the Fisher Opera  
House programs from Less's place.

Worked for awhile on the Academic  
Press project. Miss Molloy brought back  
the part she had copied -- almost everything  
done to date.

Prepared Xmas cards tonight for  
Vinaldi's project.

Prepared the finished part of Academic  
ms. for Shaw to look over.

James M. Clarke called me up about his  
proposed article about a naturalist for the San  
Diego Magazine. I tried to discourage the idea,  
without much luck. Anyway told him I  
was too busy now, but he should call  
me in mid-March.

Tuesday, January 14, 1964

14th day - 352 days follow

Went over to the Natural History Museum this morning and was interviewed by three representatives of the National Science Foundation in connection with the Museum's application for a construction grant. It was brief -- only about 20 minutes. I described my collection and mentioned other reasons why S.D. should be a center of herp. research.

Then went up to the Zoo and delivered the Academic Press manuscript as far as complete to Shaw for his review; also the Xmas cards to Sible Vinland.

Then down to the office and worked on papers for Academic Press but had no luck; I couldn't get into the surrg. Went to the Bohemian Bakery to pick up bakery goods for Harry but couldn't get what I wanted so must return tomorrow.

Pan Diego Symphony concert tonight.

Wednesday, January 15, 1964

15th day - 351 days follow

At the office this morning.  
long conference with Tillin on PVC  
matters and fuel availability.

Went out once to buy bakery for  
Harry.

Had the Academic Press project with  
better efficiency and made real progress.

Got a copy of Klemmer's important  
check-list today.

Took up to Miss Mallory the color  
section of the Academic Press ms.

My legs felt queer tonight; as if I  
didn't have full control over their movements.

Thursday, January 16, 1964

16th day - 350 days follow

at the office this morning.

Had some business at the bank and library.

Worked on Academic Press project and made some progress.

Legs still feel queer.

Mrs Heller came over from the Natural History Museum with checks to sign; also a plan for city support to discuss.

Friday, January 17, 1964

17th day - 349 days follow

Benjamin Franklin's Birthday

At the office this morning  
a short conference with Bennett  
on office arrangements.

Worked on the rattle for the academic  
Press project and made good progress.

Wasted a lot of time this afternoon  
on a defective switch down stairs.

---

(Saturday, Jan 18, continued)

by collecting, buying, and selling snakes.  
I discouraged him on the opportunities  
in that field but it took an hour and a  
half to wind up the conversation.

Went to a Scholastic meeting tonight.  
James Tidwell talked on Politics and  
Words; the effect of slogans in politics, particularly  
elections. It was interesting.

Saturday, January 18, 1964

18th day - 348 days follow

This was a day with much wasted time and little accomplishment, mostly my own fault.

I did make some progress with the Academic Press project but not nearly as much as I had hoped. Overhauled the rattle section and took the color part up to Miss Molloy.

Spent a lot of time in trying to repair the defective switch in the library. In the early afternoon went to Sears to buy "a new one"; no luck they were sold out. Then I went out to North Park, very foolishly, and spent a full two hours going to one store after another trying to buy a replacement but none had the right kind.

Received today for comment from the U.C. Press at LA the copy of Fowles' "Snakes of Arizona". A long ms. with many good points and many bad. This will take a lot of work. I am only supposed to comment, not edit; but I know how it will work out.

At 4 (by appointment) a young man by the name of Ed Hayes came in for a conference. He was accompanied by a friend named Stafford or maybe Stankey. Hayes had stated over the phone that he wanted to discuss college courses leading to a herpetological career, but this was all a pose. He is married yet not even graduated from high school. What he really was interested in was the chance of making a living

(Continued on Friday, Jan 17)

Sunday, January 19, 1964

19th day - 347 days follow

Did fairly well today on Fowlie and  
Academe.

Watched *Hee-haw* tonight for 2 hrs on  
NBC. Very good.

Monday, January 20, 1964

20th day - 346 days follow

At the office this morning.

Meeting of executive committee, 9<sup>30</sup> -  
12<sup>00</sup>; then meeting of directors until 3<sup>15</sup>

Tuesday, January 21, 1964

21st day - 345 days follow

10<sup>4°</sup> at the office this morning until  
Made some progress on Academic Press.  
Went to a meeting of the Natural History  
Museum finance committee from 11 to  
2<sup>3°</sup> in Don Clarke's office. Had lunch  
at the Cuyamaca Club.

Wednesday, January 22, 1964

22nd day - 344 days follow

At the office this morning.

Had conferences with Sinnott and  
Dillin on PUC matters.

Worked on the Academic Press project with  
good effect today, making real progress. Also  
received from Miss Molloy today all that  
she had for copying -- quite a chunk.

Joe Copp came in this afternoon and  
got my .22 shotgun for a trip to Baja  
California

Thursday, January 23, 1964

23rd day - 343 days follow

At the office this morning -

Conference with Phil on underground  
matters, and with Sinnott on personnel.

Worked on Academic Project and made  
progress on correcting old parts, but did no  
further writing.

Went to a meeting of the Library  
Gifts Committee at the library, 3 to 4<sup>30</sup>

Friday, January 24, 1964

24th day - 342 days follow

At the office this morning.

Conferences with Swinott, Dillin, and Sherwin at some length.

Worked on Academic Project and made some good progress.

Finished reading the Fowlie ms.

(~~Rattle Snakes of Arizona~~) after midnight.  
A queer piece of work that needs lots of editing.

Saturday, January 25, 1964

25th day - 341 days follow

Today I made real progress on the Academic Project finishing the first drafts of Reproduction and Enemies. Charity Ball at Coronado tonight. Went with Oscar and Clara Holloway and Milt Heller joined us at dinner. Also went to Ting's Cocktail Party. Food was good and I ate too much.

Got home at midnight. Very tired. It was a very noisy affair. Didn't think much of the entertainment.

Sunday, January 26, 1964

26th day - 340 days follow

Septuagesima Sunday

Some work on Academic today;  
some letters written.

Los Angeles Symphony Orchestra  
tonight; Eugene Istomin, Pianist, Soloist;  
Andre Vandernoot, Guest Conductor. Enjoyed  
the traditional music; modern not so much.

Monday, January 27, 1964

27th day - 339 days follow

At the office this morning.  
Brief conference with Sinnott.  
Made some good progress with the  
Academic project.

Tuesday, January 28, 1964

28th day - 338 days follow

At the office this morning.  
Conferences with Sinnott and Ellen  
Worked on Academic Press project and  
made pretty good progress. Can begin to  
see the end at last.

Received a small section back from  
Miss Mollog and gave her a rather  
extensive section to copy.

Meeting of the Zoo Trustees tonight,  
5<sup>30</sup> to 8<sup>15</sup>.

Wednesday, January 29, 1964

29th day - 337 days follow

At the office this morning.  
Continued with Academic Press and made  
good progress. Only myths and bibliography  
remain to be finished.

John Sloane came over this afternoon.  
loaned him a VanDenburgh paper. He took  
over some rattlers to count.

Thursday, January 30, 1964

30th day - 336 days follow

Got up at 4<sup>30</sup> this morning and finished the Academic bibliography at the office this morning. Conference with Joe Linnott and Sherman. Bought Bakery stuff for Harry. Worked on Academic. Nearly finished.

Friday, January 31, 1964

31st day - 335 days follow

Last Day for employers to file quarterly Social Security Tax Return and Wage Report, covering three previous calendar months.

At the office this morning  
mailed a battery package to Harry  
Marrian Peckham came in to discuss  
some business problems.

Conference with Philip on an airfield  
question.

Worked on Academic Press project but  
didn't make as much progress as I had  
hoped.

Jameson called up this afternoon about  
a Hyla problem. Will look up the literature  
but I'm not sure exactly what his question  
is.

Tonight went to the San Diego Opera  
Guild Dinner at Coronado. We were host  
to 12 but the Millers didn't show up. Got  
pretty tired before we got home at 11<sup>10</sup>. The  
entertainment was pretty good.

Saturday, February 1, 1964

32nd day - 334 days follow

This morning I finished the first long-hand draft of the Academic Press project. What a sap I was ever to have accepted this. It's already a month late and there still remains the copying first on yellow, and then double spaced white for the Press. And also Sherris overhauling, which he hasn't even started as he has his own chapter to do.

A lot of catching up today. Cleaned up a number of odds and ends.

Sunday, February 2, 1964

33rd day - 333 days follow

Got up this morning at 4 and gave the last part of Academic a final going over; also the letters to the Committee on Zoological Nomenclature on sirtalis.

Spent most of the day writing a letter to V.C. Press about Fowles' ms. "Snakes of Arizona" and almost finished the first draft. Very long and involved.

Went over for dinner at Coronado Hotel with Col. Wm Kelly & his wife; also General Stager & wife. On the way over scraped the paint on a car owned by James R. Kilpatrick 10929 Calvert St., No Hollywood. About a 14 foot scratch only through the paint for a short distance.

Monday, February 3, 1964

34th day - 332 days follow

At the office this morning.

Had an interview with Curtis of gas co reporting on the scratching of the car yesterday.

Worked on the Fannie letter and made good progress, but didn't finish it.

Worked most of the afternoon replacing a broken switch in the pantry. Had to go out and buy a switch which took a lot of time.

Tuesday, February 4, 1964

35th day - 331 days follow

At the office this morning.

Gave the Fowle letter of criticism a final going over.

Did some carding of separates.

Monthly accounting this afternoon.

Jay came to dinner tonight.

Went to S.D. Symphony concert. Michael Rabin, violinist was the soloist.

Wednesday, February 5, 1964

36th day - 330 days follow

At the office this morning.  
Read over the Academic Press  
material that Miss Molloy has  
recently copied.

John Sloan returned the rattlers  
he has recently scale-counted.

Miscellaneous work; not very  
productive.

Tonight made a start on Jan 1  
inventory.

Thursday, February 6, 1964

37th day - 329 days follow

At the office this morning.

Conferences with Philip on Tijuana service and Dillin on PUC matters. Also a long telephonic conference with Miss Breed on the La Jolla Library situation.

Got some work done on my annual fiscal report but not nearly so much as I had expected.

Received from Miss Molloy the long letter <sup>to</sup> ~~from~~ the U.C. Press on Fowles' Snakes of Africa and several others.

David Hammond and Ralph Brown came in for an hour this afternoon to talk over some possible science projects. They are boys from San Diego High School.

Friday, February 7, 1964

38th day - 328 days follow

At the office this morning.  
Worked on annual fiscal report and  
finished it.

Down stairs switch giving trouble  
again. Started to fix it but made little  
headway.

Well's and Chernoffs came to dinner  
tonight.

Saturday, February 8, 1964

39th day - 327 days follow

Spent practically the entire day  
fixing the down-stairs hall light. a  
tough job.

Sunday, February 9, 1964

40th day - 326 days follow

Spent most of today on borrowed material now available in the basement. I had completely forgotten what I had and its status. I found I am not very badly off. Everything had been checked except 6 specimens from Mesa Verde Nat. Park and 4 from Duellman at Kansas. John Sloan had made the major counts on these.

I finished with the Mesa Verde material and now will only have to check the Kansas stuff: 2 triseratus and 2 lepidus from western Mexico.

Jay came around for an hour this morning.

Monday, February 10, 1964

41st day - 325 days follow

At the office this morning  
Finished the Mesa Verde letter

Worked on Income Tax

Amasa Bull from Barrington, Ill  
came in. Talked over old times. Took  
him to lunch at Home Town. Pretty good  
place. Left him at 1<sup>30</sup>.

F.E. Russell came in tonight and  
we talked about all kinds of matters  
herpetological and otherwise from 7<sup>45</sup> until  
10<sup>15</sup>

Tuesday, February 11, 1964

42nd day - 324 days follow

Edison's Birthday

At the office this morning  
Did some carding of separates  
Worked on income tax.

Took Phil around, showed him  
all my papers, and contents of  
my safe-deposit boxes. Gave him  
a set of keys.

Mrs. Molloy brought around the  
last of the Academic Press material  
now copied triple-spaced. All except  
the bibliography.

Wednesday, February 12, 1964

43rd day - 323 days follow

Lincoln's Birthday

Ash Wednesday

At the office this morning.

Met Mr Heller at the SD Trust & Savings Safe Deposit Vault to remove some coupons to be cashed.

Conference with Rinnott on PVC matters and San Onofre Atomic plant.

Worked on Income Tax.

Counted the University of Kansas specimens. There are now no uncounted specimens among the borrowed material; all can be returned to the owners as soon as it has been packed.

Thursday, February 13, 1964

44th day - 322 days follow

at the office this morning.  
Harry had a letter from Mrs  
Buckley expressing a willingness to  
check the Academic Press ms. in its  
tripled spaced preliminary form. I spent  
much of the day rereading the ms. Also  
took Shaw the part he <sup>had</sup> ~~not~~ seen yet. He  
said he would read it tonight.

Our house piping sprung a leak  
in the ceiling of the pantry this afternoon.  
Got Klindt's man up to look at it. They  
will go to work on repair tomorrow  
morning.

Friday, February 14, 1964

45th day - 321 days follow

Valentine's Day

Closed the office for a short time this morning.

Library Commission meeting 10 - 11<sup>45</sup>.

Plumber fixed the leak this morning.

Painters still working -- nearly finished.

Jeffrey came for dinner tonight.

Shaw called this evening; we went over the Academic Project ms and he gave me a number of good suggestions for changes.

Saturday, February 15, 1964

46th day - 320 days follow

Started for Palm Springs this morning at 10<sup>15</sup>; arrived at Palm Desert at ~~11~~<sup>12</sup> and had had some lunch. Arrived at El. Encanto, Palm Springs at 2 PM. Went by way of 395, Anza, and Palms to Pine's Highway. 139 miles

Gave the Rattlesnake talk at the Palm Springs Desert Museum. There was a very slim crowd as they charge admission -- adults 1<sup>00</sup>; kids 50¢. Maybe 30 to 35 present all told. Very few questions asked except a few by kids. I talked for 55 minutes 8<sup>12</sup> to 9<sup>07</sup>; then 5 minutes for questions. Forgot to ask for a glass of water at the speaker's place and nearly got into a bad coughing spell. There was certainly no pep to the presentation. They have a fine auditorium

After the talk, although I was very tired, we went to Grace Linn's (the Korean) home with a couple of other people for ice cream & cakes. Got home at about 10<sup>35</sup>

Sunday, February 16, 1964

47th day - 319 days follow

First Sunday in Lent

Ran errands this morning at Palm Springs. Went home via 111, 60, and 395. Started at 9<sup>30</sup> and arrived home at 12<sup>30</sup>. Miles this way 143 so only 4 miles difference via Palms to Pine.

Spent the afternoon catching up.

young people.

Friday, February 21, 1964

52nd day - 314 days follow

A holiday today.

Worked all morning and into late afternoon on Roger Conant's Coleonyx problem. Took much longer than I expected.

John Sloan worked this morning and packed all my borrowed rattlers for return to their owners.

Saturday, February 22, 1964

53rd day - 313 days follow

Washington's Birthday

Wrote letters to the people and institutions to which borrowed rattlers are being returned. Took the letters up to Miss Molloy.

Did a lot of carding and other clerical work including appropriate entries of new nomenclatorial data in the Schmidt check list, which I keep as a sort of running record.

Went to the Dr. Mehlins for dinner tonight. Others there The Annotts & Wm Stephens.

Sunday, February 23, 1964

54th day - 312 days follow

Second Sunday in Lent

Today I looked up some of the references to the Vertalis problem. This was a bad mistake, as I got interested and took all day running down references, except for the time from  $12^{\text{th}} - 3^{\text{rd}}$  when we went over to the Fanny Sherman-Linda Anderton party.

Monday, February 24, 1964

55th day - 311 days follow

Meeting of Solar advisory board this morning 9 to  $10\frac{3}{4}$ . Then went to the office where I stayed until noon. Had conferences with Dillin and Binneweth.

Got up at  $3\frac{3}{4}$  this AM and worked on sirtalis and ordinatus references until  $5\frac{1}{2}$ . Made headway.

Gale Dawson of the Natural History Museum came in at  $3\frac{3}{4}$  and talked over museum matters until  $4\frac{1}{2}$ .

Spent a lot of time this afternoon and evening digging out more sirtalis and ordinatus references out of my library.

Tuesday, February 25, 1964

56th day - 310 days follow

Today mailed all the borrowed settlers back to their owners except the Prairie intermedius. This included AMNH, UCLA, CAS, U.Kansas, Mesa Verde Nat. Park.

Got to the office a little late. Short conferences with Bennett and Dillin.

Went out and had lunch with the American Association of University Women and then gave the Pliny talk. I think it went OK. There were about 40 present.

Meeting of the Zoo trustees tonight, 5:30 to 8:30.

Wednesday, February 26, 1964

57th day - 309 days follow

Fast of Esther

At the office this morning.  
Made good progress today drafting a  
report to Cook and China on the  
pintalis problem.

Went out to buy bakery goods for  
Larry.

Friday, February 28, 1964

59th day - 307 days follow

Shushan Purim

At the office this morning.  
Brief conference with Simcott.  
Finished the sittalis job. Wrote a  
number of letters.

Put away the books I had assembled  
for the sittalis problem.

Was on Zoorama tonight for  
a short time explaining how  
the rattle worked. Was taped long  
ago.

Saturday, February 29, 1964

60th day - 306 days follow

Wrote letters and cleaned up my desk.  
Took letters up to Miss Molloy.  
Dinner for 18 at home this evening.

Sunday, March 1, 1964

63rd day - 303 days follow

At the office this morning.  
Worked on income tax; also on  
automobile papers, particularly on insurance  
policies.

Wednesday, March 4, 1964

64th day - 302 days follow

At the office this morning  
Worked on income tax today

Thursday, March 5, 1964

65th day - 301 days follow

At the office this morning -  
Continued work on income tax.  
Also wrote letters.

Went to L.A. Philharmonic Concert tonight  
after dinner with the Starkeys at the  
University Club. Henryk Szeryng was  
violin soloist, playing the Tchaikovsky  
concerto in D major.

I particularly enjoyed Stravinsky's Firebird  
Suite.

Friday, March 6, 1964

66th day - 300 days follow

At the office this morning.

Worked on income tax papers.

Had a conference with Don Green on my auto insurance. He straightened out my policies so now they make sense. Only one slight change was found necessary to avoid gaps and overlapping between the coverage on the two Chevs. This will be taken care of.

Had a long telephone conference with Howard Chernoff on the problem of the back-country zoo.

Dug out all the material on primates in my file for sending to Martin Gardner of the *Scientific American*.

Wrote several letters this afternoon.

In the evening went to a dinner and meeting of the research council at the zool. Sat with Ken Norris and Fin Russell. Got the dope on Fowlie.

The business part of the meeting was rather slow; but Russell's talk on "Comparative Studies in Toxicology" was very good.

Also had a chance to talk to Minton Fetler on the San Pasqual project.

Got home at 10<sup>30</sup>

Saw Ryperson and talked over the prospective Ponon a date. Said we would go to the tea but would not join him at dinner. Would bunk at a motel.

Saturday, March 7, 1964

67th day - 299 days follow

Spent all morning and most of  
the afternoon answering a letter from  
Cook about Canadian localities of viridie  
particularly in Saskatchewan

Meeting of executive group to discuss  
some long line interconnection problems  
from 9 to 10<sup>30</sup>. Spent the rest of the day  
on letters and other small items.

Completed the state income tax  
computation.

Wednesday, March 11, 1964

71st day - 295 days follow

At the office this morning. Went down to a PUC hearing at the State Building at 10 where our petition was presented asking that the PUC investigation be discontinued provided the company rebate all that had been received. The hearing lasted only 14 minutes and the result will be decided by the commission next Tuesday.

Went back to the office and discussed what had transpired with Elliott, Casey, and Ames.

In the afternoon went up to Leslie's place.

Thursday, March 12, 1964

72nd day - 294 days follow

At the office this morning. Had a long conference with Hi Diller about company affairs.

Put a new cord in a standing lamp this afternoon; took a lot more time than expected.

(March 14, Continued)

on which I had started the corrected ms. of hybrids. I knew there must be a set of sheets somewhere, because the corresponding Xerox blanks were missing. I must have wasted at least 5 hours looking for the sheets -- even went down town to my office, thinking maybe I had misfiled them down there. No luck.

Then finally, at about 5<sup>30</sup> in the afternoon I found the missing sheets, misplaced of course, but safe. Was surely glad to locate them. But the entire day was practically wasted.

Did a little reading of Brattstrom's paper while resting from the search.

F.E. Russell came in for a few minutes this afternoon. No news yet of his N.I.H. grant.

Friday, March 13, 1964

73rd day - 293 days follow

At the office for a short time this morning. Then to the library for a meeting of the Commission that lasted from 10 to 12.

Worked on a possible new electric outlet in the down-stairs hall. It didn't work out.

Today received the galley proof of Brattstrom's paper on the relationships of the Crotalidae for checking. This will be quite a job.

Saturday, March 14, 1964

74th day - 292 days follow

Today I finally got back to the revision of Rattlesnakes after a virtual discontinuance since Dec 3 of last year, when I turned aside to do the Academic Press Project. This is fantastic for I have dropped the revisionary work for over 3 months. During this time I have kept up on odds and ends that affect Rattlesnakes but no major revisionary work has been done.

Of course the Academic Press project has been the principal tangent, but there have been many others, such as income tax, the sirtalid problem etc, all very time-consuming; and the worst of it is that they never cease. For example yesterday Brattstrom's Crotalidae paper arrived in galley proof for checking -- another long job. And I find it very difficult to pick up Rattlesnakes after the long job, because I can't remember what I was doing or why, or where the pertinent data is to be found. The situation is a mess and it is clear that if I can't avoid some of the correspondence and problems that are dropped in my lap, the revision of Rattlesnakes will never be finished. Meanwhile the UC Press has no more copies available for sale.

The first trouble that I ran into in my endeavor to pick up hybrids where I had left off, was that I couldn't find Xerox pp. 207-216

(Continued on Mar 12)

Sunday, March 15, 1964

75th day - 291 days follow

Passion Sunday

Started work very early this morning and finished reading the galley proofs of Brattstrom's paper. This was before 4 AM.

Worked most of the day on Hybrids, the last unfinished part of Chapter 4. Practically finished it, except for a few small odds and ends.

Monday, March 16, 1964

76th day - 290 days follow

At the office this morning -  
Meeting of the Executive Committee  
from 10 until noon; then a directors  
meeting until 2<sup>10</sup>.

touches on hybrid section of Chapter 4.

Went to the Natural History Museum.

Turned in The Brattstrom manuscript.

Looked for the 3 Cook hybrids,  $F_2$  generation, but had no luck.

Went to San Diego Symphony concert tonight. Enjoyed Strauss' "Death & Transfiguration" and Wagner's Good Friday Spell from Parsifal. Didn't care for Britten's "Spring Symphony".

Wednesday, March 18, 1964

78th day - 288 days follow

At the office this morning. Wrote letters and get the material for chapters 4, 5, and 6 better organized, so I needn't do so much fumbling with lost motion in future.

Thursday, March 19, 1964

79th day - 287 days follow

At the office this morning.  
Today I finally finished my Birds  
and Chapter 4.  
Went to Rotany today; heard Howard  
Chernoff talk on American Samoa

Friday, March 20, 1964

80th day - 286 days follow

At the office this morning.

Worked on Chapter 5, Battle and  
made all corrections possible without  
references only available at home.

Continued reading Chapter 6, Behavior.

Had a conference with Hi Dillin on  
stock dividends and prices.

Barry called on his way to Guaymas

Saturday, March 21, 1964

81st day - 285 days follow

Finished Chapter 5, Rattle, today.  
It required few changes or additions.  
Continued reading Chapter 7, Behavior,  
looking for necessary changes and additions.  
Finished reading this chapter.

Went to Schola tonight. The talk  
was by Rabbi Cohen on the problems of  
retirement.

Sunday, March 22, 1964

82nd day - 284 days follow

Palm Sunday

This morning it occurred to me that the best solution for the troubles involved in revising Rattlesnakes for a 2nd printing plus a supplement was to have a second edition; as much as possible an off-set job, instead. Drafted a letter to Blumenthal making this suggestion.

Monday, March 23, 1964

83rd day - 283 days follow

At the office this morning.  
Got a lot of miscellaneous work done.  
Finished drafting the Lileenthal letter;  
made a lot of changes for clarification;  
gave it to Miss Molloy to copy.

Started reading Chapter 8 for necessary  
changes.

Tuesday, March 24, 1964

84th day - 282 days follow

At the office this morning.

Made final copies of income tax  
returns, both Federal and State.

Continued reading Chapter 8.

Today mailed the letter to Krienthal  
suggesting a Second Edition of Rattlesnakes  
instead of a Second Printing plus Supplement.

Wednesday, March 25, 1964

85th day - 281 days follow

At the office this morning.

Had a long conference with Phil about the airfield problem in the Sweetwater Valley; also plant location and the problem of purchasing land at this time.

Worked on items listed in the last Zoological Record that I should look up.  
Wrote a few letters.

Read part of Chapter 8.

Thursday, March 26, 1964

86th day - 280 days follow

Maundy Thursday

This morning started for Pomona at 9<sup>45</sup>. It was clear and cool, a fine day. Arrived at the Stuffed Shirt at Upland at 11<sup>50</sup>. Had a fine lunch there with Gyp and Clara Torrence, who had gone up with us. We took a room at the Upland Motor Hotel, so we were fixed for the night. Cecil Badgley came over from Pomona and guided us in. I was scheduled to talk on Rattlesnakes; the first thing we did was to get oriented. The talk was to be at Sevier Hall at 4<sup>15</sup> preceded by tea and cakes at 3<sup>45</sup>. Called Rickey and invited him.

Dr. Dwight L. Ryerson was the presiding officer at the talk. I talked for about an hour, followed by 15 minutes of questions. There were between 75 and 100 present. I think it went quite well as they were sufficiently interested to ask a large number of questions. Voice was kind of rough. Must remember to ask for water.

After the talk we went for dinner with Cecil where there was a large crowd of old folks. Then to Cecil's room for a chat for about an hour. Then back to Upland. Pretty tired.

Friday, March 27, 1964

87th day - 279 days follow

Good Friday

Started for home at 8<sup>10</sup> and  
arrived at 10<sup>45</sup>. Another fine day.  
Down to the office in the afternoon.

Saturday, March 28, 1964

88th day - 278 days follow

also letters. Lots of scurrying around  
because of the musicale tomorrow.

Sunday, April 5, 1964

96th day - 270 days follow

Low Sunday - First Sunday after Easter

This was the day of our byell  
Barbours musicale. He played very  
beautifully for 50 minutes. We had about  
70 guests. It was followed by a good  
lunch.

Monday, April 6, 1964

97th day - 269 days follow

At the office this morning.  
Wrote letters.

Wasted a lot of time at shoe shops  
looking for ankle high, fleece lined  
slippers. No luck.

Tuesday, April 7, 1964

98th day - 268 days follow

Spent a lot of time today sorting literature file cards.

Also wasted time trying to buy fleece-lined slippers. Finally found a pair and took them home, only to discover that one was a size 9 and the other size 11.

Sent out a bunch of inquiries today about boutiques.

San Diego Symphony tonight : Lenore Overture No. 3, Beethoven's Symphony No. 2, and Bartók's Bluebeard's Castle, which much too symbolic for me.

Wednesday, April 8, 1964

99th day - 267 days follow

At the office this morning.

Did some bibliographic work and cleared up several matters. Worked for a short time at the Public Library.

Got some books ready to give the library.

Tidied up the specimen catalogues to turn over to the Natural History Museum.

Wrote some letters.

Spent a lot of time tonight packing serials and other material for presentation to the Public Library.

Friday, April 10, 1964

101st day - 265 days follow

Went over to Natural History Museum library and worked until 11. Then down to the office. Made good progress at the library; cleared up a lot of uncertainties.

Saturday, April 11, 1964

102nd day - 264 days follow

Went over to the Natural History museum library early today hoping to clear up some more references but I had little luck as the principal items were in Biological Abstracts and the latest items were at the binders. So I stayed only from 8<sup>30</sup> until 9<sup>30</sup>.

Then came home and did some work on Funk's paper on Chionactis which Rabb had sent me for criticism.

At noon went to an elaborate luncheon given by Leona & Forward for the Cerivis. There were about 40 present and too much good food. lasted until 4.

Then home and had tea with Clara Breed, Miss Drake of Pomona, and Alice Heynenen. Showed Miss Drake my association copies and as usual, boasted too much.

Then to the Old Timers meeting and dinner at the House of Hospitality in the Park. Hardaway of the Gas Co spoke on Nuclear Power Plants, particularly the one to be built at San Onofre. As I came in late, I didn't sit with anyone I knew.

Sunday, April 12, 1964

106th day - 260 days follow

At the office this morning.  
Mailed the Chronicles letter and  
Funk's paper back to Raleigh.

Revised the write-up on the keep  
activities to Dawson to become a part  
of the N.S.F. application for funds.

At noon went to the lunch at the  
Zoo, a combination affair by KFMB-TV  
and the Zoo to tell about the past and  
future of Zoorama. A very nice affair.

Thursday, April 16, 1964

107th day - 259 days follow

At the office this morning.  
Conference with Sennott on various  
company matters.

Transacted business at the bank and  
post office. Also did a lot of carding.

As a result of the conference with  
Hubbs yesterday I found the commission  
decision on the double ii termination. I  
will have to change mitchellii and  
edwardii in chapter 2 and elsewhere.

Friday, April 17, 1964

108th day - 258 days follow

A lot of outside activity today.  
Very little accomplished.

At the office 8<sup>30</sup> to 9<sup>45</sup>. Had a conference with Phil on plant locations.

Ordered some small letter heads to be ready next Wednesday.

Took 3 years of Consumers Research with annual numbers to the Public Library.

Meeting of the Library Commission from 10 until 11<sup>30</sup>; some very pertinent discussions. This will be the last meeting of the Commission with the smaller membership. The next meeting will be with the enlarged membership up to 7.

Luncheon meeting of the Directors of the California State Chamber of Commerce and local business men, particularly the Ambassadors Club. Met a lot of people who had been members of the State Chamber directorate when I was. Sat at the head table taking the place of someone who failed to show up.

George Lindsey now of Cal Acad called this afternoon and stayed for about an hour. He was down on Cooper Club business and came in while I was baby sitting.

Saturday, April 18, 1964

109th day - 257 days follow

This was another day of little accomplishment toward my major objective, namely the correction of Rattlesnake. Of course I am awaiting a decision by the UC Press. I did get some letters written and some new bibliographic material accessioned.

Went to the Arthur Johnson's for lunch, which, of course, was very good. Didn't get home until 3. Got a short nap at 5 PM Dale Wood, the conversational non-stop champion, and John David Goodman, of Redlands College, with his wife came in to call. We discussed various herpetological trivia for an hour.

Went to Scholia at 6<sup>30</sup>. Henry Jansen discussed "The Twin Cultures -- A Snow Job". I didn't get too much out of it and my discussion was poor. Got home at 10.

A tiring day.

Sunday, April 19, 1964

110th day - 256 days follow

Third Sunday after Easter

Spent much of the morning doing bibliographic work on the important publication "Die Giftechlägen der Erde".

Went to a lunch given by Edith Ridout at the San Diego Yacht Club.

Monday, April 20, 1964

111th day - 255 days follow

at the office this morning.

Meeting of Executive Committee 10 - 12

Meeting of Directors 12 - 2<sup>1</sup>/<sub>2</sub>.

Got the Dray - Bolos picture today and  
I am still doubtful as to the snake  
pictured.

Tuesday, April 21, 1964

112th day - 254 days follow

At the office this morning  
Wrote a long letter to Diaz-Bolin.  
The Kelly's came to lunch.

Wednesday, April 22, 1964

113th day - 253 days follow

At the office this morning  
Finished the Dray-Bolic letter.

Read a part of Chapter 8, Populations and  
Ecology looking for necessary changes.  
Tonight went to the annual dinner  
of the Art Association at El Cortez, the guest  
of the Sinnotts. Vincent Price was the speaker;  
I enjoyed his talk.

Thursday, April 23, 1964

114th day - 252 days follow

At the office this morning.  
Short conference with Mrs. Peckham  
about land values.

Wrote letters

Coordinated Book ads  
Read in Chapter 8.

Friday, April 24, 1964

115th day - 251 days follow

At the office this morning  
Conference with Phil on service to  
REA requiring a change because of  
increased load.

Went to the Natural History Museum  
to check in some returned horned toads. Also  
had a conference with Dawson on Museum  
matters.

Continued reading chapter 8 for necessary  
changes.

Saturday, April 25, 1964

116th day - 250 days follow

Went over to the Natural History Museum library and cleaned up all the Biological Abstract items down to date, including the unbound numbers.

Worked on the front-door bell.

Went to Los Angeles Symphony Orchestra tonight. Too much modern music.

Sunday, April 26, 1964

117th day - 249 days follow

Fourth Sunday after Easter

Worked again on the upstairs doorbell  
and finished a lousy job. I may have to  
buy a new one.

Went out to Cervin's in Rancho Santa Fe  
for lunch; started at  $11\frac{3}{4}$  and returned at  
 $5\frac{10}{11}$ . A good lunch but another day with nothing  
accomplished. Pretty tired this evening.

Monday, April 27, 1964

118th day - 248 days follow

Grant's Birthday

Cleared up some bibliographic items today. Placed an order one the National Library of Medicine through the Public Library for 5 items; also one book through the State Library.

Wrote letters and other clean-up work. Party for gas to people at home. About 45 present. Directors and VPs. Went very well.

Tuesday, April 28, 1964

119th day - 247 days follow

At the office this morning  
Conferences with Chickerin, Lynch, and

Tillman.

Annual Meeting of the Stockholders  
from 10 until 11<sup>15</sup>. Was well conducted and  
gave a good report on Company operations.  
Organizing meeting of the Board of Directors  
from 11<sup>45</sup> until 1<sup>00</sup>.

Meeting from 5<sup>30</sup> to 9<sup>00</sup> tonight  
of Board of Trustees of the San Diego Zoo, also  
Stanford Research men present.

Wednesday, April 29, 1964

120th day - 246 days follow

This morning I stayed home and wrote a letter to the Stanford Research men who were at the meeting last night outlining what I thought their investigation should cover. Took it up to Miss Molloy to copy; got it at 2<sup>40</sup> in the afternoon. Then went down to the office; made extra thermofax copies, then to the post office and mailed them out. I hope it will prove to have been worthwhile.

Thursday, April 30, 1964

121st day - 245 days follow

Last Day for employers to file quarterly Social Security Tax Return  
and Wage Report, covering three previous calendar months.

Took ~~g~~ down to the airport at  
 $7^{\text{th}}$  this morning and she caught  
the United Jet that left for Chicago at  
 $7\frac{45}{60}$ .

Then to the office for the rest of the  
morning

Wrote letters and finished reading  
Chapter 8.

Friday, May 1, 1964

122nd day - 244 days follow

At the office this morning.  
Made changes in the Chapter 2  
material because of the ii ruling. Didn't  
finish this.

Started to read Chapter 9 on Ford.  
Sent a letter to UC Press asking  
why they hadn't replied to my letters on  
making Reprint vs 2<sup>nd</sup> Edition.

Went down town this afternoon  
to make a bank deposit and to mail letters  
to gg at the post office.

Saturday, May 2, 1964

123rd day - 243 days follow

Today I rechecked Chapter 2 account  
of ii changes

Young David stayed here tonight.

Read quite a bit in Chapter 9 Food.

(May 4<sup>th</sup>, continued from May 3<sup>d</sup>)

more questions which they did for quite a while. They certainly seemed interested. The session lasted until after 10 and it was 10<sup>15</sup> before I got back to my crummy hotel, where I was taken by Pedot and Hise the director of the museum.

I autographed a copy of Rattlesnakes for Gerald A. Smith, director of the San Bernardino County Museum, Dr. Charles P. Haseltine of the Beaver Medical Clinic in Redlands.

Sunday, May 3, 1964

124th day - 242 days follow

Got a good start today and finished up a lot of odds and ends.

Get started on rereading Chapter 10, Reproduction and made good progress.

Wrote a letter to Gg. and took it to the post office for airmail.

(May 4<sup>th</sup>, continued)

Next went to the Riverside Municipal Museum in the basement of the Police Station; it was locked and I went back and forth to the Public Library, where I could keep dry and warm three times. Finally I was told by a gal in the Police Station that the meetings were held upstairs, so I went up and waited. No body showed up. The time for the meeting had arrived so I began to get nervous. Went outside to look around in the rain and finally R-K-Pidot, the museum man who had invited me, recognized me (he had been at the Palm Springs meeting) and told me the meeting had been moved to the auditorium of the Mission Inn. This was a good meeting place, warm and comfortable and quite a crowd was already on hand. Altogether there were between 175 and 200 present including lots of kids.

After the talk there were many questions until finally the chairman invited those who had had enough to go home and the questioners to stay for more, which they did, crowding around for

Monday, May 4, 1964

125th day - 241 days follow

Finished reviewing Chapter 10 Reproduction, in the early morning hours. Started on Chapter 11. Couldn't sleep worth a cent last night.

Down at the office this morning. Wrote to gg. Home to lunch a little early; then one of the men in the garage took me down to the Greyhound Bus Station and took my car back to the garage. It was cold and windy so I took my overcoat, besides baggage. The trip was an express run to Riverside; took only 2 hours. Got a little sleep but couldn't read as there is too much vibration. It continued cold and windy with some rain.

Upon arrival at Riverside as I am completely ignorant about the town, I saw a hotel sign "The Plaza" only a half block from the Bus Station and put up there. It was a terribly unsatisfactory and dirty place but I made the best of it. At least it had a bath but I didn't take a chance on using it next morning. I found later that the Mission Inn was only two blocks from the Bus Depot, but this would have been too far for me to haul my baggage anyway.

Rested for a while; then went out looking for a market to buy oranges and rolls for breakfast but no luck.

Went to supper at the Inn. Food was good but I hate those dark, candle-lit, doggy places.

(Continued on May 3<sup>rd</sup>)

Tuesday, May 5, 1964

126th day - 240 days follow

Woke up early today in plenty of time to have some hot cakes for breakfast in the Bus Depot. I didn't take a bath or shave because the bathroom was so dirty.

The trip back was much slower than the one coming up as they stopped at a lot of towns off of the highway such as Perris, Elsinore, Murrieta, Temecula, Fallbrook, Bonsall, Vista, San Marcos and Escondido. Altogether it took from 7<sup>43</sup> until 11<sup>00</sup> AM and was pretty tiring, but at least not as bad as driving. Took a taxi to the office then home, where I tackled the mail and newspapers, which took all the rest of the day and evening.

Had to turn down an invitation to talk at a doctors meeting to morrow might account of conflicting engagement.

Wednesday, May 6, 1964

127th day - 239 days follow

At the office this morning. Spent the entire morning checking the two speeches (Rattlesnakes and Population explosion) to be delivered tonight and tomorrow noon.

Went out to Del Mar in the evening and gave the Rattlesnake talk to the Del Mar Parent Teacher Association. The festivities were supposed to start at 7<sup>30</sup> but they didn't get underway until about 8. Then there were reports and announcements that took quite a while, followed by concerts by classes of the school band.

I got started about 8<sup>30</sup>. The attendance was about 200 of which more than half were kids and by the time I got underway they were of course tired and restless. I think I talked for about half an hour; after which there were a few questions. But most of the parents wanted to get the kids home and in bed, for which I certainly didn't blame them. I got home at 10<sup>10</sup>.

Thursday, May 7, 1964

128th day - 238 days follow

Ascension Day

At the office until 11 this morning. Worked over the speech on the Population Explosion and made a number of changes.

Then went out to La Jolla and delivered the talk to the 12:30 club, a group of about 25 retired men. They listened attentively and I think it went over fairly well, although they asked no questions. Took about 55 minutes. A number expressed satisfaction after the meeting.

I unfortunately repeated a mistake I have made in the past -- attempting to read the slips when placed on too low a rostrum which was waist high. I couldn't see the writing clearly enough and as a result fumbled a lot of statements. After I had sense enough to hold the slips up in my hand above the rostrum, I did better but it wasn't too hot.

I was thoroughly tired out when I got through -- just about able to navigate. Three speeches in so short a time was clearly too much. I got home at 3 o'clock and felt better after a snooze.

Gyp plane was late; started late. Due  $9^{\circ}\pm$ ; got in at  $11^{\circ}30$ ; got home at 12.

Friday, May 8, 1964

129th day - 237 days follow

At the office this morning.  
A lot of miscellaneous work done.  
Had a conference with Bartholomew of

Did accounts this afternoon.

Saturday, May 9, 1964

130th day - 236 days follow

A lot of miscellaneous work today,  
some on Rattlesnakes, some not. Made good  
progress on all of it. Included a survey of  
Brattstrom's new paper on the phylogeny of  
the pit vipers.

Sunday, May 10, 1964

131st day - 235 days follow

Mother's Day

Spent the morning installing the new bell upstairs. This took much longer than it should because I am getting so unsteady on my legs.

The rest of the day I did bibliographic work and read in Chapter 11.

Monday, May 11, 1964

132nd day - 234 days follow

At the office most of the morning.

progress.

Finished Chapter II.

Thursday, May 14, 1964

135th day - 231 days follow

At the office this morning.

Went over to the library and Post office  
and cleared up a lot of mail and similar  
items.

Started reading chapter 12 and made  
good progress.

In the afternoon went over to the Zo.  
and saw the live catalinensis and some  
of Shaw's other island material. Called Shaw  
and talked about photographs.

Still have heard nothing from the U.C.  
Press.

Friday, May 15, 1964

136th day - 230 days follow

Meeting of Zoo Finance Committee, Andy Bentwick's office 8 AM to 9:30. Discussed next year's budget.

Then to Public Library where we had the first meeting of the newly constituted Library Bd and beginning at 10. The new members are Clayton Brace, Mrs Wayne T. Harrel; Mrs Marie Widman, and Dr. Eugene Ross. Old members reappointed Mrs. Arkle, Tom Sculpe and the writer as chairman. Had a good meeting and I think the new members are all OK. At 11:40 showed them some areas of the library until 12:20.

Conrad Mollath of the U.C. Press phoned this afternoon and said he had been delegated by Frange and Hillenthal to make some estimates of costs of a 2<sup>nd</sup> edition compared with a 2<sup>nd</sup> printing and supplement. I told him I was more than ever convinced that a second edition was the only solution from the readers' standpoint. He will come down at 9 AM June 11<sup>th</sup> to talk it over.

Received today 2 separators from the National Medical Library.

Tonight went out to dinner at the La Jolla Country Club the guests of Carma Luce. Dinner given by a La Jolla women's group to advance support of the LA Symphony. Went out with the Whitneys. Entertainment by Marais and Miranda, the balladeers. Very enjoyable indeed.

Saturday, May 16, 1964

137th day - 229 days follow

Armed Forces Day

Cleared up a lot of miscellaneous work today. Finished reading Chapter 12 and began on 13. Did a lot of thinking on how to prepare material for Mollath of the Press so that he could make comparison if cost of the two alternatives.

Went to Schola tonight. Heppner talked on South African racial problems. Very good paper and interesting discussions.

Sunday, May 17, 1964

138th day - 228 days follow

First Day of Pentecost (Jewish)

Whitsunday - Pentecost (Christian)

Spent a lot of time today preparing material for discussion of the comparisons of a ~~first~~ second printing + supplement with a second edition to facilitate conference with the man from U.C. press. Made good progress.

Also read a considerable part of Chapter 13

Monday, May 18, 1964

139th day - 227 days follow

At the office this morning.  
Meeting of Executive Committee until  
noon; then Directors until 2.

Went to Miller's for dinner  
tonight; David's 50<sup>th</sup> Birthday.

Tuesday, May 19, 1964

140th day - 226 days follow

At the office this morning.

148th day - 218 days follow

At the office this morning.  
Worked on the U.C. Press letter  
setting forth the comparisons between  
Plans 1 and 2.

Went over catalogues received from  
Shaw and tabulated prices on live snakes  
and accessories for chapter 14.

Went to a big dinner party  
given by Margaret Hawkins and  
Augusta Ellich at the Scruffs place,  
Milamav. About 60 present. Didn't get  
home until after 11.

Thursday, May 28, 1964

149th day - 217 days follow

Corpus Christi

At the office this morning.

Wrote some letters. Worked on letters  
to Press. Read in chapter 16. So tired  
I went home early.

Dinner for 4 old women school  
friends at home tonight.

Feast of the Sacred Heart

Meeting of the Otto (Zoo) Committee  
in Barthwick's office from 8<sup>30</sup> to 9<sup>45</sup>.  
lively discussion of the Stanford Research  
Institute proposal and associate matters.

Meeting (after return to office) with  
Sennott on various matters.

Bruce Welsey came in to solicit for  
the Salvation Army Door of Hope.

Meeting of the Zoo Research Council  
tonight, 8<sup>15</sup> to 9<sup>50</sup>. Sat with Chuck  
Shaw, Ken Norris, and Ray Cowles at  
dinner and discussed herpetological  
matters. Then had 3 formal talks;  
one by Clyde Still seemed to differentiate  
the data on zoo attendants from the  
usual statements by Schroeder. A much  
larger part of our audience is local than  
Schroeder claims.

Saturday, June 6, 1964

158th day - 208 days follow

Finished reading chapter 18.  
Made up a set of questions for  
Mallach.

Finished checking Schobá members,  
mailed order to Philatelic Agency  
for stamps.

Worked tonight on the  
Identification series of photographs,  
selecting those requested by Paerish.  
The series list is badly in need of  
a new and up to date series of titles.

Wednesday, June 10, 1964

162nd day - 204 days follow

At the office in the morning  
Carding and letter writing  
Dictated my memo of last Friday's  
meeting.

In the afternoon went out with Miss  
Breed and other librarians to the ground-  
breaking ceremony of the Allied Gardens  
Benjamin branch library. This took from 3  
to 4. I spoke briefly (one of several) and  
did rather poorly.

June 11, Continued

A long interview by a Tribune  
reporter this afternoon on Rattlesnake  
by phone.

Went to a dinner party at the  
Cuyamaca Club tonight given by the  
Malcolm Lovés for the Charles Buckman's.  
A large, noisy party with good food.  
Couldn't hear a thing.

Thursday, June 11, 1964

163rd day - 203 days follow

Did not go to the office this morning. Had a scheduled meeting to discuss the republication of Rattlesnakes with Conrad W. Mollath, Production Manager of the U.C. Press. He was due at 9<sup>30</sup> but did not arrive until about 10<sup>20</sup>. We had a very interesting and fruitful discussion. Went over the ms. as far as I have gone and he took down much material which will aid him in reporting probable costs to Frue. At least it was definitely decided to abandon the original plan for a Second Printing with a supplement. If they go ahead at all it will be a Second Edition with no supplement. Every thing new or revised will be incorporated in the text.

Our discussion lasted until about 1<sup>30</sup> including lunch at Dorothy's Offen. He expects to report to Frue "about June 27; and I should get an answer about Aug 1. Everything will depend on cost estimates, but at least I know which scheme will be used if they go ahead at all. So I can proceed with the ms. and take a chance that something will be worked out.

Went down to the office about 3 and cleaned up my desk.

(continued on June 10)

Friday, June 12, 1964

164th day - 202 days follow

At the office for a short time this morning. Then to a meeting of the Board of Library Commissioners, 10 - 11<sup>25</sup>. Then to a commencement banchon at State College 12 - 1<sup>50</sup>.

Went to Chuck Shantz's wedding to Hope Warren tonight at the St. Francis Chapel followed by a very elaborate reception at the Zoo Cafe.

Saturday, June 13, 1964

165th day - 201 days follow

Wrote up the conference with  
Mollath. Wrote a lot of letters. Did  
a lot of work on the pamphlet file. A  
busy day with considerable done. Lewis  
Walker came in with a set of Rattlesnakes  
to be autographed for Dr. Gaston Cane.

Friday, July 3, 1964

185th day - 181 days follow

Worked on accounts this morning.  
Got a phone call from John Sloan  
this morning who has just returned from  
a successful trip to Lower California.  
Especially he got a fine series of Catalinensis.  
Sloan came over this afternoon and  
brought a live catalinensis; also some  
skins showed me a Phyllorhynchus from  
San Jose Island.

Wrote a few letters this afternoon  
but didn't get much done. I find it very  
hard to buckle down to the job while the  
decision of the Press is still uncertain.

Saturday, July 4, 1964

186th day - 180 days follow

Independence Day

Today I did better than yesterday; tackled the job with more pertinacity and consistency. Worked on the assemblage of material for the revision of Chapter 3 under Plan 2 and made considerable progress.

Sunday, July 5, 1964

195th day - 171 days follow

at the office this morning.  
Wrote letters.

Fesner of the Salt Institute  
came in at 10 and we discussed  
salt matters until 11. I wasn't particu-  
larly complimentary, especially on  
their local contacts.

Meeting of the directors, Natural  
History Museum, 4 to 5<sup>30</sup>

I am going to suggest an  
operating budget that will assure a  
fair diversion of funds between the  
following activities:

Exhibits for public benefit  
Maintenance and addition to the  
scientific collections

Publication of scientific papers  
Maintenance and expansion of the  
library

Equipment -- facilities and  
apparatus -- for scientific work.

Last Day for employers to file quarterly Social Security Tax Return  
and Wage Report, covering three previous calendar months.

At the office this morning.

Returned the Waring book to the library.  
Wrote letters. Went home somewhat early.

At noon went to luncheon at the  
Zoo Terrace. The trustees of the Otto estate  
gave the Zoo a check for a million  
dollars. Also we had a good lunch.

Wrote and sent a short letter to  
Mallock of UC Press asking how soon a  
decision on the plan for the revision of  
Rattlesnakes could be expected.

Tonight at 6<sup>30</sup> went to a meeting  
of the Air Pollution Control Association at  
the Catamaran Motor Hotel at Pacific Beach.  
Farnsworth spoke on the recent Houston  
meeting; and Robert Burt on the proposed  
Malibu nuclear plant of the LA Dept of  
Water and Power. The dinner was good but  
the talker a little on the dull side. Got  
home at 10<sup>20</sup>

Wrote a letter to Consumers Research,  
criticising a recent comment on poisonous  
snakes that they published.

Saturday, August 1, 1964

214th day - 152 days follow

Wrote a number of letters  
including another to the Dept of Health  
for E 947 statistics.

At the office this morning.  
Business conferences with Phil, Mr.  
Dillin, and Joe Sninnott.

Joe Lopp came around this noon  
to show me some live snakes he caught  
last week in Sonora. He had wonderful  
luck; got a lot of specimens some of  
which undoubtedly represent new species  
or subspecies.

Jay came to dinner tonight.

Saturday, August 8, 1964

221st day - 145 days follow

This morning worked on labeling the boxes on top of the upstairs hall book-case

Tuesday, August 11, 1964

224th day - 142 days follow

At the office this morning.  
Continued work on Sharp and Dohme  
material.

Got a letter today from Fringe' of  
U.C. Press to the effect that their  
calculations show that they would  
have to charge \$ 35<sup>00</sup> for a second edition  
of rattlesnakes. What to do?

Wednesday, August 12, 1964

225th day - 141 days follow

At the office this morning  
More bibliographic work.  
Am considerably worried by  
the University Press letter received  
yesterday. Talked it over with  
Shaw.

This noon attended a joint meeting  
of the Zoo Trustees and the Stanford  
Research Institute group that will  
work on our survey. Gave them  
my opinion with reference to their  
sounding out those Trustees against  
the San Pasqual development as well  
as the Zoo staff, which is all pro  
San Pasqual.

Tom Russell called late this  
afternoon about a very serious  
horridus bite he was treating. Man  
had been bitten at the Hermosa Reptile  
farm.

228th day - 138 days follow

Assumption of the Blessed Virgin Mary

A lot of miscellaneous clearing up today. Turned the University Press letter over to Miss Molloy to copy.

Got the LA Opera season schedule today. Hard to decide what to see.

Took the order down to the Post Office tonight.

Sunday, August 16, 1964

229th day - 137 days follow

Went to the Cotton's musicale today.  
Lyell Barbours played Chopin, left at  
11<sup>30</sup>; home at 4. We took Florence W.H.  
and Virginia Churchill. Good music and  
good lunch.

Late this afternoon Fred Buess  
who had come down to milk Catalenensis  
for Russell brought in the large pregnant  
sow mentioned in prior correspondence  
by Terry Davidson and another  
smaller sow. I will leave them with  
Chuck Shaw.

At Cottons met a printer, a  
distant relative, named Rice. I understand  
he is printing Russell's venom bibliography.  
He made a remark to the effect that the  
UC Press was hard up for money and  
that some works (Kroeker's anthropology  
for one) were being reprinted and  
marketed by other institutions.

Monday, August 17, 1964

230th day - 136 days follow

At the office this morning.

Monday, August 24, 1964

237th day - 129 days follow

Meeting of the Solar Advisory Board this morning from 9 to 11<sup>30</sup>. Three out from Chicago -- McCormick, Lindblom and Moyer. I find I am still a director of Solar aircraft Co., but it is only a paper corporation.

Went to the Gasco office for a short time.

Tuesday, August 25, 1964

238th day - 128 days follow

Meeting of the Gas Co Directors this morning  $8\frac{3}{4}$  -  $9\frac{3}{4}$ . Combination with Sherman Chickering and Bert Lynch in San Francisco. For opening of bids for 20 million of debentures. Blyth won (there were 6 other bidders) with a cost of money to the Company of 4.54%. Par at  $4\frac{1}{2}$  to the public. The bid was 99.31. Accepted. Other matters were discussed briefly.

Meeting of the PW directors at my home 2 to 3 in the afternoon.

Meeting of the Natural History Society Directors 4 to  $5\frac{3}{4}$ . Election of officers for the coming year and appointment of committees. I shot off my mouth at some length about the objectives of the Society, especially designed for the new directors. Some of the objectives were in opposition to those of Yale Dawson. I don't think this went over too good.

Wednesday, August 26, 1964

239th day - 127 days follow

At the office this morning.  
Conference with Joe Sinnott about  
personnel problems.

Went over to the Library and had  
a talk with Miss Breed about the  
proposal of the Fine Arts Society about  
the Public library operating their library  
of art books.

Had a phone conversation with  
Norman Dawson about yesterday's meeting  
of the Natural History Society directors.  
Found that he favored my attitude to some  
of Dawson's projects, particularly the Galapagos  
program. But he had thought that as president  
of the society he had thought it undesirable for him  
to take sides. I told him I was only willing  
to continue as vice-president only to sign checks  
and preside in his absence. He agreed to this.

Fixed house numbers on eight post.  
Miscellaneous filing.

Sunday, September 6, 1964

250th day - 116 days follow

Wrote a few letters today.  
Went out to Grueck's at La Mesa  
with Philip and little Laurie and  
brought back a small rug, a table  
and some dishes that we bought. Cost  
\$ 445<sup>00</sup>. Marguerite Grueck is moving  
back to Illinois.

Monday, September 7, 1964

251st day - 115 days follow

Labor Day

Rosh Hashonah - First Day of Jewish New Year

No mail delivery today.  
Worked on the Spiegel correspondence  
Had a long talk with Chernoff  
about the Ian Poskel article in  
yesterday's Union, and the Stanford  
Research program.

Cocktail party at the John  
Clelands tonight.

Tuesday, September 8, 1964

252nd day - 114 days follow

Rosh Hashonah - Second Day of Jewish New Year

at the office this morning.  
A lot of miscellaneous work.  
Met Mrs Heller at the bank to  
sign checks and put securities in the  
vault.

Went up to Phillips tonight.

Wednesday, September 9, 1964

253rd day - 113 days follow

Admission Day (California)

At the office this morning.  
Short conference with Pinnett.  
Worked on Speigl circular letter.  
Emery Sherwin came in for the  
first time since his accident.

Went to the Zoo meeting of  
membership at 4 PM in Wegforth Bowl.  
Just a brief formality. Was  
re-elected to the Board of Trustees.

Then a meeting of the Trustees  
lasting an hour or more to discuss  
the demands of CORE.

Then a picnic supper with all  
the grandchildren. A big crowd.

Finally the annual meeting of  
membership with the President's report  
and a movie of activities. The climb  
up ~~as~~ from the stage was quite  
tiring for me. Supposed to be an  
auto there but I couldn't locate it.

Thursday, September 10, 1964

254th day - 112 days follow

At the office this morning  
letters and Spiegel matter.  
Stomach upset to day.

Friday, September 11, 1964

255th day - 111 days follow

Cut the office for a short time. Then to a Library Board meeting that lasted from 9<sup>45</sup> to 11<sup>50</sup>. Not feeling too well. Jay came to dinner tonight.

Saturday, September 12, 1964

256th day - 110 days follow

Miscellaneous work today. Not a whole lot. Still waiting to hear from U.C. Press.

Mary Ann and Garty called this afternoon.

Sunday, September 13, 1964

257th day - 109 days follow

Some miscellaneous work today.  
Spent a lot of time watching athletic events on T.V.

Dave Miller came down this afternoon; had a long talk with him about Harry.

Monday, September 14, 1964

258th day - 108 days follow

At the office this morning  
considerable miscellaneous work.

Meeting at the Zoo and lunch  
and bus ride with City Council and  
Board of Supervisors 12<sup>15</sup> to 1<sup>30</sup>

Meeting of Directors Natural History  
Museum 3<sup>30</sup> to 6<sup>15</sup> mostly to discuss  
scope of the Museum's activities and  
particularly Dawson's NSF Galapagos  
project. I presided in Norman Lawson's  
absence and talked altogether too much  
for a presiding officer. Most of the new  
directors were there and they voted (and  
talked) as a block for the new program.  
The discussion was quite bitter at times,  
and the old timers, such as were there,  
were completely snowed under.

Dinner at home for the family, particularly  
Gracie and Harry who are shortly starting  
for college. There were about 22 present.  
I was very tired because of having  
had no afternoon rest, so I was a  
poor host.

Tuesday, September 15, 1964

259th day - 107 days follow

At the office this morning. A good deal of miscellaneous work done. Dr. Dawson came over this afternoon at 3 with the Galapagos application for a grant from the National Science Foundation for me to sign as V.P. of the San Diego Society of Natural History, which I did.

A Tribune reporter for the called this afternoon and asked me my opinion of the San Pasqual project. I told him I wouldn't commit myself until the Stanford Research Institute report was in.

Wednesday, September 16, 1964

260th day - 106 days follow

Yom Kippur - Day of Atonement

At the office this morning calculated value of our Series E Savings Bonds as of Dec. 1964. Used a government chart lately received. This was quite a chore.

Went to grand opening of the city's Community Concourse tonight. First a dinner at the Cuyamaca Club where we were guests of Adm. Mike Hunte and his wife. Then to the Pop Powis at the new Convention Hall. A fine dinner and an enjoyable show, mostly by local talent.

Thursday, September 17, 1964

261st day - 105 days follow

At the office this morning.  
Carded the last copy.  
Went to Rotary this noon; Philip presided.

Went up to the Millers tonight  
to say good-bye to Gracie, who is  
leaving for Scripps College tomorrow.

Saturday, September 19, 1964

263rd day - 103 days follow

At last today I got the U C Press answer to my letter of Aug. 17 about the problems of the revision of Rattlesnakes and their selection of the course, among the several alternatives I had suggested, they pick the completely new edition. It would sell for \$3.00; this would involve the Zoo's putting up \$18,000<sup>00</sup> which they would get back at \$10<sup>00</sup> per set sold. 2000 sets would be printed. So the problem must be put up to the Zoo.

Wrote letters today. Barry came down to lunch. We watched TV for awhile. I must quit watching game of which I am really interested in the outcome. Fixed dining room bell which took much longer than I expected.

Sunday, September 20, 1964

264th day - 102 days follow

Worked on Spiegel correspondence today. Also other miscellaneous odds and ends.

Gave considerable thought on how to present the Rattlesnake book proposition to the Zoo.

Harry and Judy called at noon.  
Watched some football television.

Monday, September 21, 1964

265th day - 101 days follow

Succoth

At the office this morning.

Meeting of the Executive Committee  
from 9<sup>45</sup> until noon; then lunch  
and meeting of Directors until 2<sup>30</sup>.

Got up at 3<sup>30</sup> this morning and  
began the draft of a letter to Dr.  
Minton Fetter about the problem of a  
new edition of rattlesnakes as discussed  
in the recent letter from the U.C. Press.

Tuesday, September 22, 1964

266th day - 100 days follow

Got up at 4 this morning  
and wrote a number of letters

At the office this morning.  
Finished up the UC Press correspondence  
for mailing to Fetter, Shaw, Schroeder,  
Chernoff.

Worked on Sprigl material.

Barry and Judy came around to  
say goodbye after lunch.

Also Davis and Alice to talk things over

Saturday, September 26, 1964

270th day - 96 days follow

Some carding and other miscellan  
eous work done today but not much.  
Watched the Philly & Milwaukee game with  
a big row. Also the Davis Cup doubles.  
Also the O'Keefe Oklahoma rattlesnake  
round up. The work is pretty crude,  
especially the way of putting the rattlers  
in sacks.

Paul Rutherford called tonight; wants  
some snake boxes at Scottsdale, Ariz.,  
by Thursday.

Sunday, September 27, 1964

271st day - 95 days follow

Called Shaw about Ruthling's boxer  
As usual today watched too much  
TV; baseball, football, next to last  
tennis match, US singles.

for mailing and sent out 10 letters.

Tonight Went to the combined  
dinner meeting of the Special libraries  
Association and the Palomar District of  
the California Library Association at  
the Town and Country Hotel in Mission  
Valley. The principal address was made  
by Mrs. Carmel Leigh, the California State  
librarian and a sister in law of Chuck  
Leigh. The talk was humorous and  
interesting about her experiences in library  
work. We sat next to Miss Breed and  
the Chuck Leighs. got home at 9<sup>30</sup>

Wednesday, September 30, 1964

274th day - 92 days follow

At the office this morning.  
Trip to library and to the Barber. Got  
some miscellaneous work done.

At noon to Kona Kai for lunch and  
meeting of the Southern California Air Pollution  
Coordinating Council. Service was very  
slow so the meeting was quite late in  
starting. Also much of it was very dull,  
although the progress with the auto dealers  
was worthwhile.

Met Norman Roberts on the way to  
my car and we talked over a meeting  
Friday at Norman Lawsons.

Thursday, October 1, 1964

275th day - 91 days follow

Did carding and other miscellaneous work. Had a long visit from C.R. Bartholemew, President of Pioneer Engineering + Services of Chicago. Talked utility business.

Mrs Hilles came over with checks to sign. Talked Natural History business.

In the evening went to a dinner at State College given by Friends of the State College Library. Frank V. de Bellis gave an illustrated talk on "Early Books and Their Printers". It was rather dull and monotonous. The parking difficulty and long walk was hard on me.

Worked on accounts in the afternoon.

Saturday, November 7, 1964

312th day - 54 days follow

A lot of cleanup work today,  
paying bills, writing letters etc.  
Aside from working on the Parish  
papers, I made no progress with  
the Rattlesnakes revision. This program  
will have to be remedied somehow.

Sunday, November 8, 1964

313th day - 53 days follow

Again miscellaneous work.  
Cleared up the Parish papers, which  
took much longer than expected.

Watched part of the S.D - Denver  
football game

Young David came to dinner.

Monday, November 9, 1964

314th day - 52 days follow

At the office this morning.  
Miscellaneous work

Talked NH business with Don Clark.  
Also with Norman Dawson. Mrs Heller  
called at 11 to discuss Natural History  
Museum affairs.

Meeting of Natural History Museum  
Directors 4<sup>30</sup> to 5<sup>15</sup>. Accepted Dr. Yale  
Dawson's resignation. Went fairly  
smoothly. I presided in Dawson's  
absence

Tuesday, November 10, 1964

315th day - 51 days follow

This morning gg had a bad cold and we almost gave up going to the opera in Los Angeles and considered various ways in which our tickets might be disposed of. Went down to the office for a short time. Came home and as gg was feeling a little better we decided to go. Took quite a while to pack up and finally got started at 11 $^{\circ}$ . Stopped at the dress-makers at La Jolla for a try-on. and also at a pan-cake joint for lunch. I drove all the way. It rained quite hard through most of Orange Co. Arrived at the Parkway Motel at about 3 $^{\circ}$ . Rested and then went to Carl's for dinner. Started somewhat late so we had to rush but arrived in plenty of time. Our seats were not so good as previous years; too many season ticket holders come first, I presume. We had A 40-42.

The opera was Traviata and the place was jammed. People outside trying to buy tickets from incoming audience. The performance was excellent with Joan Sutherland, Robert Illosfalvy as Alfredo and Eberhard Waechter as the elder Germont. Sutherland, of course doesn't look the part; she never was good looking and she is getting heavy; her voice a little rough in spots. Still it was a first-class performance.

Wednesday, November 11, 1964

316th day - 50 days follow

Veterans Day

Rested most of the morning. Found the library was closed because of the holiday, so I had brought up a lot of items quite in vain. Went down town at noon. We parked at the Pershing Square garage, which was a mistake. It's hard to get out; very inefficient. Had a good lunch at the Biltmore. Went home and got more rest. Gg, feeling somewhat better, went out and did a little shopping.

Went to Carls for supper; allowed plenty of time so that we could park on the street. Found a new motel, the Vagabond, quite near the Shrine Auditorium; easy walking distance. Will be very handy if future operas are held at the Shrine. Also a good place to eat here.

The opera was Turandot, a very enjoyable affair despite the horrible plot. Our seats were slightly better than last night, but not much. A 36-38. Right near the timpani & percussion which was interesting and didn't interfere too much. The cast included Palas Lorenzini as Liu, Franco Tagliarini as Calaf, Giorgio Tozzi as Timur, and Birgit Nilsson as Turandot. It was very enjoyable. The house was packed and, surprisingly, much more enthusiastic than last night. They stood up and applauded wildly. Went home in the rain.

Thursday, November 12, 1964

317th day - 49 days follow

This morning started home at 8<sup>30</sup> and arrived about 11<sup>15</sup>. An uneventful trip. The freeway was heavily crowded as far south as Anaheim but fortunately no pileups. A few sprinkles of rain around Santa Ana. I drove.

Unloaded and went down to the office before noon. Talked to Phil. Heard Joe Simott had been looking for me, but didn't see him. Miss Breed called about Library Commission meeting tomorrow at College Heights Branch; and Sherman Pfeiff about the U.C. Press contract. Gave him an inadequate answer.

Spent most of the afternoon catching up on reading and made some progress.

Went to the opera tonight. A turn-kil: gianni Schicchi with Tito Gobbi, Lee Venora, and Howard Fried in the principal parts; and Carmina Burana with Mary Costa and Raymond Wolansky. We had our usual front-row seats. I found both performances very enjoyable although they are anything but standard opera fare. Still pretty tired from the trip.

gg's cold better but by no means cured.

Friday, November 13, 1964

318th day - 48 days follow

got up at 4 this morning and put pink in order after the trip north a lot to do on this; it took two hours.

At the office until 9<sup>30</sup> this morning. Had a long conference with Joe Sennott on several company problems.

Went to a meeting of the Library Commission out at the College Heights Branch from 10 to 11<sup>30</sup>.

Chuck Shaw came in this afternoon to talk over some Zoo problems.

Tonight went to a meeting of the Research Council at the Zoo. The dinner was good. Then there was an executive session mostly about hiring a new director. After that a talk on electrophoresis blood analyses by the starch gel method to show mammal relationships. It was way over my head. I didn't wait for the second talk. A long cold walk back to my car as I didn't know the short cut in the dark.

Saturday, November 14, 1964

319th day - 47 days follow

A lot of miscellaneous work today.  
Checked basement furnaces. Overhauled

Got up at 3 AM and cleaned up miscellaneous work.

A long phone call from Norman Larson today on Natural History business.

Wrote the Preface to the Second Edition of Rattlesnakes.

Meeting of Scholastic Club tonight at the University Club. Bill Lacy spoke on Run-downness, meaning the deterioration of energy to lower, less productive levels. My discussion was very poor.

Sunday, November 22, 1964

327th day - 39 days follow

This morning I went through the Contents and made a few changes; however the Contents manuscript cannot be prepared until the rest of the book reaches the page-proof stage.

I also went through the Introduction and completed the Xerox manuscript incorporating all changes noted on previous readings. I again read it through.

Worked on Chapter 1. Didn't finish it by any means but made progress.

Watched football - Raiders vs Jets - part of the afternoon.

Monday, November 23, 1964

328th day - 38 days follow

Meeting of the Solar Board this morning 9 to 11<sup>15</sup>. Then to the office until 11<sup>50</sup>.

Sunday, November 29, 1964

334th day - 32 days follow

First Sunday in Advent

To day our 53<sup>d</sup> wedding anniversary  
Didn't do anything but watch  
professional football and lay around.  
Comfortable but no pep whatever.  
Got the old Dr. Howe prescription  
renewed. Saw two games Green Bay -  
Dallas and Cleveland - Philadelphia

Monday, November 30, 1964

335th day - 31 days follow

First Day of Chanukah

At the office this morning. Feeling  
woozy but at least got my desk  
cleaned up. Feeling better this afternoon

Tuesday, December 1, 1964

336th day - 30 days follow

At the office this morning. Still not feeling up to par but at least am keeping up with the back-log of work. But am not gaining an inch. Very discouraging.

Had a long conference with Joe Sennott this morning on City Franchise taxes and related problems.

Tonight attended a performance of Berlioz' Requiem Mass at the Community Concourse by the San Diego Symphony Orchestra and a large chorus. Very impressive. Philip sang in chorus.

Wednesday, December 2, 1964

337th day - 29 days follow

At the office this morning.

A lot of work around home tonight.  
New Westinghouse sheet on my bed. Deep

338th day - 28 days follow

At the office this morning.  
Mostly wrote letters.

This afternoon at 5, called on the  
Boyles at V. S. Grant Hotel. She fainted  
at Marstons the other day and is far  
from well.

Tonight went to the 24<sup>th</sup> Old Timers  
part of the gas co. It was rather dull  
and disappointing. Entertainment poor.  
Of course met many old friends.

Friday, December 4, 1964

339th day - 27 days follow

at the office.

Met Terri at the Bank to clip some  
coupons for Nat. Hist Soc.

342nd day - 24 days follow

At the office this morning.

Worked on Christmas Card list.

Short conference with Sinnott on pensions etc.

Read the Pliny talk.

Went to a play tonight: Never Too Late.. It was too late for me -- simple-minded, shallow, and raw.

Tuesday, December 8, 1964

343rd day - 23 days follow

Feast of the Immaculate Conception

At the office this morning.  
Did some carding; also  
addressed Xmas cards.

Ralph Bach came out for a short time  
this afternoon to deliver an insurance check.  
We chatted for awhile.

Wednesday, December 9, 1964

344th day - 22 days follow

At the office this morning did some addressing of Xmas cards and also filing. Again went over the Plenij talk and decided the typewritten copy wouldn't do; will use the hand-written slips of which I copied some. I should have done more.

A little after noon Conrad Mollath of the U.C. Press called up. He said they were returning all the glossy prints etc that they had up there. New prints of all half-tones will be made, so I can choose the best regardless of what appeared in the First Edition. I told him I was just leaving town so he said he would write me the answers to all the questions in my last letter.

Started for Claremont & Scripps College at 2<sup>15</sup>. Got to Pomona at about 4<sup>30</sup> via U.S. 395 and U.S. 60; but after getting to the town of Pomona we got completely lost and spent a lot of time and miles looking for Scripps. Finally got there and went to the Faculty Club House where we were given every attention and a fine room by a Mrs Wilson formerly of San Diego.

Had dinner at the Inn with Cecil, Gracie, and Christine Oatman. Found our meal was also paid for--that is 3 of us-

Thursday, December 10, 1964

345th day - 21 days follow

Had a good night's rest and breakfast was sent in. They certainly have treated us royally.

Went down to the hall, where I was to speak and met Dr. Curtis, President of Scripps, Miss Drake the librarian and others.

The plenary talk went off on schedule and although I had a good rostrum, light, and amplifier, I couldn't read many of the slips, whenever the writing was small or poor. So there was, unfortunately a lot of stumbling and fumbling. The girls (the audience was almost exclusively Scripps College girls) seemed to like it OK but I thought it was a bust - a very sloppy job of frequently fumbled reading.

After the talk we went to lunch with Dr. Curtis, Cecil, Miss Drake, and about 10 of Gracie's girl friends. This was restful and OK; by this time I was very tired, especially from the talk. Dr. Curtis gave me quite unexpectedly as an honorarium a check for \$100. This I endorsed to the Scripps library and presented to Miss Drake.

Got started home about 1<sup>3</sup>/<sub>4</sub> and arrived at 4. Gg drove all the way. Got a little close to the right side of the road at one spot and hit the raised kerb. Fortunately we turned back onto the road & no damage was done.

Spent the evening unpacking & catching up with the newspapers. Tired but no cystitis troubles.

Friday, December 11, 1964

346th day - 20 days follow

Forgot to say yesterday that a piece of a tooth -- maybe a filling came out at the lunch yesterday.

At the office for a short time this morning. Then to a Library Commission Meeting from 10 to 11

Jeri Heller came in this afternoon with checks to sign. Also discussed the agenda for Monday's meeting of the Board of Directors.

Saturday, December 12, 1964

347th day - 19 days follow

Finished addressing Christmas cards.

Wrote letters

Watched the Cleveland - New York football game.

Called on the Allan Klaubers and the Bosworths.

Sunday, December 13, 1964

348th day - 18 days follow

Third Sunday in Advent

Finished preparing all Christmas cards  
for mailing.

Received from Mollath by air mail  
everything (presumably) I had previously  
sent up for use in the Second Printing.

Evidently they want to start a completely  
new deal for the Second Edition. Airmail  
cost 6<sup>75</sup>

Monday, December 14, 1964

349th day - 17 days follow

At the office this morning. Went over to the Post Office for stamps.

Worked on Statue and made progress. Meetings at Natural History Museum today: Publications Committee  $3^{\text{30}} - 4^{\text{00}}$ ; Directors  $4^{\text{00}} - 5^{\text{30}}$ . Quite evident there are divergent views in the Board as to the character of man needed to replace Dawson, and indeed of the objectives of the Museum.

Tonight attended dedication of East San Diego Branch Library  $7^{\text{30}} - 9^{\text{00}}$ .

Tuesday, December 15, 1964

350th day - 16 days follow

At the office this morning.

Did a lot of odds and ends.

Yesterday received from the Encyclopedic Britannica my rattlesnake article. Not at all pleased with what they have done to it.

Unpacked Bogert's 5 rattlers this afternoon.

Wednesday, December 16, 1964

351st day - 15 days follow

At the office this morning.

Wrote a letter to UC Press for the first lot of Xerox prints; then started the draft of a letter to the Encyclopedia Britannica suggesting changes in their very disappointing draft. Made good progress on this but didn't quite finish it. Worked on snakebite statistics tonight, culled from Parrish and Russell papers.

Thursday, December 17, 1964

352nd day - 14 days follow

Went to the dentist this morning and had a tooth capped, the one that had of a face spalled off last Thursday at Claremont. It took less than half an hour.

Back at the office. Worked on the Encyclopedia article and made poor progress.

John Sloan came over this afternoon. We talked library. He measured the shelf space my herp library would require.

Went to Herb Kunzel's annual Polar cocktail party tonight.

Friday, December 18, 1964

353rd day - 13 days follow

At the office this morning, after going to the post office.

Continued work on the reply to the Encyclopedia Britannica but am still dissatisfied with it. More work is needed.

At one o'clock went over to the Zoo and had a conference with Shaw and Hodges, representing a TV studio about a future Zoo name program.

Saturday, December 19, 1964

354th day - 12 days follow

A final look over the Encyclopedic Britannica material, which is now ready to send in, or at least after Miss Molloy copies it.

Worked briefly on states but too many conflicting activities to get much done.

Amy Hamerton and her grandchildren in for lunch.

Went to Chernoff's cocktail party at 5; then to a meeting of Scholéa at the Zoo at 6. Schroeder talked on animal conservation with movies taken in East Africa and slides in New Guinea. Very interesting.

Sunday, December 20, 1964

355th day - 11 days follow

Fourth Sunday in Advent

Worked on statue and made  
some progress.  
Watched Oakland - Chargers game.

Monday, December 21, 1964

356th day - 10 days follow

My 81<sup>st</sup> birthday today.

At the office this morning  
Meeting of Executive Committee 9<sup>30</sup> - 12 -  
Board of Directors 12 - 2<sup>30</sup>

Meeting of Director Selection Committee  
Natural History Museum, 4 - 5<sup>15</sup>.

Millers came to call tonight with  
a birthday cake. Cut it with new 9<sup>12</sup>  
knife

Tuesday, December 22, 1964

357th day - 9 days follow

Got up at 3<sup>3</sup>:00 this morning and cleaned up the mail and other miscellaneous accumulation of yesterday.

At the office this morning. A lot of miscellaneous work.

Finally shipped back the Encyclopedic Britannica article on Rattlesnake.

Wednesday, December 23, 1964

358th day - 8 days follow

A busy day today.

Made sketch runs for Zoorama mostly on fangs and technical names for animals from 9 to 12 ; and 1 to 4 . It meant repeating over and over ; something always went wrong . Finally executed what they said were satisfactory runs.

Meeting of finance committee and Zoo Board tonight from 6 to 9<sup>20</sup> P.M.

Pretty tired after a day with no rest.

Thursday, December 24, 1964

359th day - 7 days follow

At the office for a brief time this morning.

Went over to the library for a get-together with the Staff. Coffee and cookies.

George Lindsay called in the afternoon. We discussed Museum affairs.

Went to Rotary this noon. A Christmas musical party. Philip, Janet, and little Laurie participated.

Called for heat at La Jolla at 5. and took her to Miller's for Xmas dinner. It was tough going in the fog. Got lost several times.

Eleanor and Vic stopped in this afternoon.

Friday, December 25, 1964

360th day - 6 days follow

Christmas

I spent the day in usual Christmass festivities, unpacking presents.  
Went up to Phil's for awhile;  
Miller called on us.

Elwyn and Lucy Bell came to lunch  
Watched the North-South football game

this afternoon.

Sunday, December 27, 1964

362nd day - 4 days follow

Checked the Bogart specimens today and their effects on tables, maps and keys.

Watched the Brown-Colt NFL championship game.

Monday, December 28, 1964

363rd day - 3 days follow

got up at 3<sup>30</sup> this morning and worked on the Keys inatherated; particularly of Mexico.

At the office this morning.

Continued cleanup of surplus papers in my desk.

Continued work on Oaxacae, gloydi, and salvini.

Made more notes on Bogert's specimens this afternoon.

Tuesday, December 29, 1964

364th day - 2 days follow

Woke up at midnight with a severe case of cystitis and got almost no sleep before morning.

Somewhat better in the morning. Did not go down to work and did nothing but lay around all day.

Went up to see Dr. Gerald Howe from 3 to 4. He repeated the last prescription.

Gracie and Harry came to dinner tonight.

Wednesday, December 30, 1964

365th day - 1 day follows

Cystitis was bad again this morning.

Went to the office, but didn't get much done. It was very inconvenient and painful.

Went to dinner at Allan Klundts tonight. Bronowski and his wife from Salt Institute and Alan Parks were there. I wasn't comfortable.

Thursday, December 31, 1964

366th day - The Last Day

New Year's Eve

At the office this morning. Worked on accounting. Cystitis somewhat better today.

Worked on mapping horridus in Virginia this afternoon.

Philip's kids in to spend the night and welcome the New Year.
